MAXWALTON SHORTHORN SALE

Stock Yards, Chicago
June 24th and 25th, 1919

CARPENTER & ROSS :: Mansfield, Ohio

I N T R O D U C T I O N

IN PRESENTING this catalog to the public we feel that the true value of the animals herein catalogued will not be appreciated, as it is seldom if ever there was a lot of cattle of such great values included in one sale. The home-bred cattle are in thrifty breeding condition. Every one is a good one, in good condition for the purchaser. We can recommend them in every way and have no apology to make for them whatever. The imported cattle are rather thin as they were only in moderate condition when purchased as we have never made it a practice to buy stuff highly fitted for sale. We purchased them as breeding cattle, in useful breeding condition, but when you consider that they have put in about seventy days enroute from Great Britain—a greater part of the time without either sufficient feed or accommodation, it is easy to explain why these cattle should arrive in Chicago in ragged condition. The space allowed to each animal in the boat was six feet long and thirty inches wide. The entire trip from the time they left the farm until they arrived on this side was over thirty days, sixteen days of which they were on the ocean, on a small boat not at all suitable for live stock with the roughest weather the Captain had seen in years, so it was impossible for the men in charge to give them such feed and comforts which otherwise would have been possible. Many times several of the animals were pitched from their stalls and two were killed enroute. Altho they arrived in miserable condition they are doing well and are really improving remarkably.

When we had contemplated making this importation we considered it advisable to bring a select lot of the best bulls obtainable, and in many instances the bulls we have bought were the tops of their classes at the different shows they were in, and in every instance the bulls were from the best herds and from the best cows in these herds, so that a more desirable lot of bulls would have been impossible to purchase. We know the weather conditions are going to be against them and that they will not look their best, but this is to the purchaser's advantage. In a great many cases where animals imported by us have been resold by the buyers, they have invariably doubled their money and many of them have sold for several hundred per cent above the price we received for them. In fact there is not a single animal we know of that the purchaser had to take a loss on. We are selling these cattle in ragged condition, giving you a chance to improve them and make a profit.

We wish to call your attention to the conditions of our guarantee. This guarantee has been so satisfactory that it is seldom that we even have a complaint. Any complaints we have had have been adjusted absolutely satisfactory to the purchaser so there never has been a time when a customer of ours has had to say that we did not do what was right by him.

Many of the home-bred cattle are strong in the blood of Avondale, which is readily seen from their conformation. They are a richly-bred lot, most of the females in calf to Imp. Collynie Knight, the bull that we are to show this fall; and Rodney, the \$20,000 bull which we have had on lease from Mr. Black and recently purchased a half interest in. No females will be put in the sale that we consider the least bit doubtful; all of the females of sufficient age are well along in calf. These cattle are right in color and conformation, which has been the motto in our herd—like begets like and the best produces the best.

American Certificates of Registration will be furnished with all the home-bred and a few of the imported cattle, but only English Certificates will be furnished with this year's importation. All of the dues are paid on them except the \$100.00 fee, which we are leaving the purchaser to pay when he wants to have them put on record. It is well to note that if these animals are exhibited at a state or national show and win a ribbon within twelve months, the \$100.00 fee will be refunded. All calves sold with their dams are exempt from the \$100.00 fee.

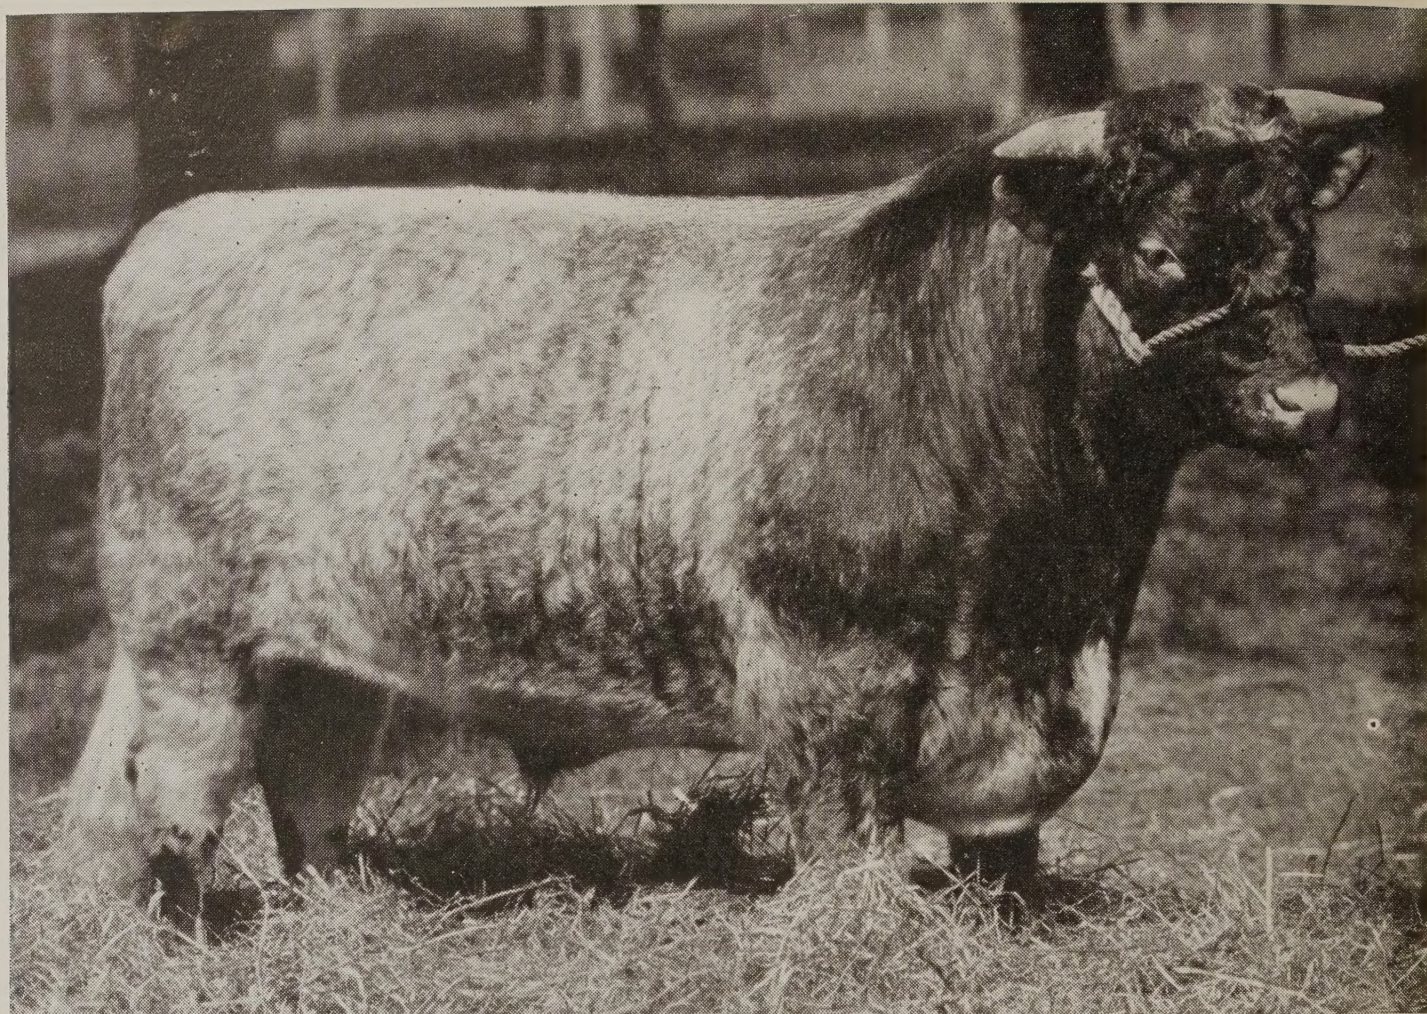

Guarantee: All bulls are guaranteed breeders. All females of breeding age are bred and guaranteed breeders. Should any of the heifers or cows that do not have calves at foot fail to be in calf to the service as given in the breeding list, we will refund \$100.00 and allow the purchaser to get them in calf to his own bull, or should he prefer we can have them returned to us until they are settled in calf, but as aforesaid we are selling no animal that is old enough to be safe in calf, unless we believe she really is.

All the cattle will be cared for and put on board the cars for the purchaser. We assume all risks and should any of these animals meet with an accident, die from sickness, be rendered useless, or fail to pass the tuberculin test, within two months after sale, we will refund the purchase price. You are taking no risk in buying from us. We have delivered the goods that has always made our patrons a profit. **We are in the business to help you and ask you to make it your business to help us.**

Terms cash, or six months' credit at 6% interest. Parties wishing time will kindly bring bank reference, and make arrangements before the sale.

Very respectfully

CARPENTER & ROSS.

Is a beautiful, bloomy roan, is practically full brother to "Naemoor Stella", the heifer that topped our sale last year. He is of the Gordon "Estelle" family that has produced so many show bulls at Collynie in recent years. George Martin of the Breeders' Gazette thinks this is a better bull than Rodney that he thot was the best bull that had ever been imported. For general conformation, color and masculine character, this bull can scarcely be equaled. He has the head of a sire and is got by one of the best bulls in Britain, a Highland and Royal winner.

Was bred by C. H. Jolliffe and calved the property of A. W. Maconochie. His dam was the top cow in Mr. Jolliffe's dispersion sale. She is also full sister to Rodney that topped our sale last year. George Martin and P. G. Ross are unanimous in thinking this is the nearest likeness to Whitehall Sultan when a yearling that either of them has ever seen. He has a beautiful head, is thick, smooth and compact. His sire was a Highland and Royal winner and his dam is generally conceded one of the most noted cows in England.

Is of the "Kilblean Beauty" family; is the most flashy, thickest, low-down bull that we ever imported. He is a nice roan, has a grand head, great hard girth and is altogether a phenominal calf. This calf weaned after we purchased him and has lost a great deal of his bloom since then. He is one of the good ones and is the making of a great sire. His dam is also dam of Mr. Kramer of Oklahoma's stock bull, Proud Emblem's Heir. She won the Royal Northern as a 4-yr old.

A beautiful dark roan and is from the dam that brought \$3,500 in our sale last year. His granddam is one of the best cows in Aberdeenshire; the great granddam, Minmore Fairy 5th, was a great show cow in the hands of Capt. A. T. Gordon. This bull ran out last year and is in rather moderate condition but is an outstanding individual and will sure make a good sire.

Maxwalton Count is one of the thickest and most massive bulls we have ever owned; he is straight, smooth and as thick as one could wish. His dam produced the show cow "Mina 8th" as well as many other high-class animals. Should the party who purchases this bull desire us to keep him and show him for the season, we will be glad to do so, and feel that he will be the equal of any junior yearling that has been shown at any time — in fact, we doubt if there ever has been a bull gone in the ring at his age with the same bulk and smoothness. His general do formation is perfect and he is what might be classed as a "stem-winder."

"Maxwalton Rosewood 10th" we consider on of the best bred animals in our herd. Her dam "Maxwalton Rosewood 86th" is perhaps the most noted "Rosewood" cow in the herd books. She was a persistent breeder—produced her last calf at 17 years of age, and but for the fact that she met with an accident shortly afterwards we believe this cow woul have broken all records as a producer. She looked like 2 5-yr. old in her 17th year. This is a thick, rugged, heifer and was bred to Imp. Rodney March 3rd.

A grand individual, having won "first" at the Royal last year. If one would analyze this pedigree it shows that everything is in it essential to the making of a good Shorthorn. The foundation is a Scotch "Waterloo", was bred by Geo. Shepherd, Shethin, Aberdeenshire, Scotland. Further up in the pedigree comes a mixture of English blood, topped out by Gunthorpe Model—a noted show bull sired by the Royal champion Chiddingstone Wanderer. It is a mixed and beautifully bred pedigree of equally balanced Scotch and English breeding with all of the best herds of Scotland represented.

At the last minute we enter this bull owned by Geo. Greer of Penna. for the sale. From a Kodak picture he seems to be very good individual; his dam Imp. Lady Dorothy 40th was one of the best cows we ever owned. The bull, as a calf, was an outstanding good one, full of thickness and quality. We have not seen him since then but his picture shows every indication of a bull of the herd-heading kind and we know he is the sire of excellent calves.
